

Hello
my name is
Mrs. Jillie ♡♡

More About Me ♡♡

I have a 5 year old cockapoo named Henry.

If I were on a stranded island, I would need bug spray and my husband! He can do anything!!

My dream vacation is a trip to Norway with my daughter.

If I could live in any decade, I would go back to the 2000's to raise my kids again. I cherish those memories.

If I had a superpower, I would want to be able to teleport. That way I could be with my daughter or my family that lives away from me.

mom
life

Hello! My name is Mrs. Jillie. I was introduced to LPELL when my son attended this school before we moved to West Virginia. While my son was attending as a student, I was working the front desk as the school's administrative assistant. Now in West Virginia, I still work the position remotely.

My life in WV has been a new amazing adventure! My husband and I have taken to enjoying the wildlife by fishing and riding back roads in my Bronco. When I'm not working or enjoying the outdoors with my husband, you'll find me with my two little boys that are still at home. My boys are in football, wrestling and soccer and I love being at every game/tournament to support them! I am also newly a grandma to a sweet kitten named Sophie (my daughter made me write this).

My kids are my pride and joy! Being a mom is my greatest blessing.

"When life gives you lemons, become a lemon farmer!" - My son, Jackson 🍋

A piece of wisdom for our students?

"Insanity is doing the same thing over and over again and expecting a different result." - Einstein.
I preach this to my kids all the time. Sometimes you just need to get back up and try again! You will succeed!!

A Few of my Favorite Things ♡♡

My favorite movies are movie series. Harry Potter, Twilight, Hunger Games, etc

My favorite food is pizza or Mexican food!

My favorite drink is water or coffee! Can't live without it!

My favorite holiday is any holiday that brings my daughter home to me! (Or Thanksgiving!! Can't get enough of all that good food!)
