A Little About Me!

Hello, there! My name is Esther Gill. I am the Co-Founder of LPELL and I also teach several classes here at the school. Here at LPELL, I teach the middle and high school Social Studies and Spanish. I also teach an online Humanities college course in my free time. I have been teaching since 1970. Throughout my teaching career I have traveled to Europe 32 times, and many times I have traveled with some of my students. My most favorite thing about being a teacher is being able to share my knowledge with all my students.
